APPOINTMENTS ENDS CONFERENCE

MISSOURI METHODISTS ADJOURN AFTER WEEK'S SESSION IN THE CITY.

FEW CHANGES OVER 5 DISTRICTS

But Fifth of Pastors Get New Charges —Superintendents W. F. Burris and B. F. Jones Exchange Pulpis.

The ninety-seventh annual Missouri conference of the Methodist Episcopal church adjourned after a week's session in the First Methodist church at 10 o'clock this morning with the announcement of appointments to the five districts as the final act. Of the 139 charges within the conference boundary, scarcely one-fifth resulted in changes over last year.

One of the important changes in the appointment announcements this morning, was in the exchange of District Superintendents W. F. Burris and B. F. Jones. Mr. Burris will become head of the Kirksville district after six years on the Cameron circuit. Mr. Jones, who served but one year on the Kirksville district, will succeed Mr. Burris at Cameron. The change was made primarily because of Superintendent Burris' long appointment at Cameron. E. J. Gales of Trenton was recommended for the Cameron district, but because of protests from his congregation his name was dropped.

A number of resolutions relative to church work, special appointments and other business pertaining to the Missouri conference were hurried through this morning's session that the delegates might leave on the morning trains. Many departed last night and early this morning without awaiting the announcement of appointments.

Superintendents on Carpet.

The Rev. Gilbert S. Cox, pastor of the local Methodist church, estimates that fully 500, or more nearly 600, attended the conference the last week. Of this number about 250 were delegates from the five districts. Many expressed their appreciation of the hearty welcome accorded them here. The conference next year will be held in Cameron for the fifth time.

What appeared for a time would result in a bitter controversy, arose at this morning's session, when Secretary J. W. Anderson raised an objection to the lengthy annual reports from the district superintendents. Despite a strenuous objection from the five superintendents and several others, and a great amount of parleying with submotions and counter moves, a motion went through limiting the reports to 1,000 words.

In addition as each report contained more words than that, all were returned to the various superintendents with instructions to edit and resubmit in abbreviated form. This action was taken because of a shortage in funds with which to publish the minutes.

There were but five changes in pastors for the twenty-six places to be supplied within the Maryville district. They were at Burlington Junction, Craig, Elmo, Grant City and Sheridan.

The Pastors.

The entire appointments for the Maryville district are:

Barnard—J. L. Bilby.
Bolckow—H. J. Moody.
Burlington Junction—T. C. Middleton.
Clearmont—N. E. Bottom.
Craig—Charles E. Snow, supply.
Elmo—Frank Smutz, supply.
Fillmore—W. F. Wiley, supply.
Graham—To be supplied.
Grant City—Talmadge D. Fry.
Hopkins—Hastings McNamee.
Maitland—A. C. Brown.
Maryville—G. S. Cox.
Mound City—J. H. Walker.

Tarkio—W. S. Welsh.
Tarkio circuit—E. L. Spiller.
Watson—F. A. Tinney, supply.
Westboro—E. L. Robison.
Worth—G. T. Andrews.

But one charge, Graham, is left unfilled. H. K. Morga was appointed to that pastorate at last year's conference, but it has been without a pastor for some time. Mr. Middleton, who goes to Burlington Junction, was born and reared in Maryville. He succeeds Dr. L. C. Sappenfield, who retires from the ministry on account of ill health. He will remove to Kansas City.

Reappoint Christy.

Frank Smutz, who succeeds the Rev. Mr. Dempster to the pastorate at Elmo, is a brother to Shirley Smutz, who has been pastor at Novelty. Mr. Perry, who takes the pastorate at Grant City, has been pastor of St. Paul's church at St. Joseph for the last two years. He comes highly recommended.

W. H. Holland, who takes the Sheridan pastorate, served the last year at New Hampton, in the St. Joseph district.

Dr. W. B. Christy of Maryville was reappointed superintendent of this district, this being his sixth year in that position.

ST. JOSEPH DISTRICT.

The following appointments were made for the St. Joseph district:

HOMECOMING TO START TOMORROW

FETE OF YEAR OPENS FOR FIVE DAYS OF FUN AND FROLIC.

OFFERING IS BEST EVER, SAYS LEADER

Commercial Club Secretary Reports Program is Complete and Weather Will Not Get a Look-In.

Beginning tomorrow afternoon Maryville and in fact all of Nodaway county and then some, will start the ball rolling for a five days' festivity never before equaled in northwest Missouri. For Homecoming, that gradn, glorious affair for which the Commercial Club has been preparing for weeks upon weeks, will be on and thousands will flock into the city's gates—if such it has.

Some may believe that the nasty, chill and otherwise degenerate brand of weather that is being dished out the last two days, will result in failure or at least a slackening up of attractions this week. That is just about the biggest mistake anyone under the sun could make according to W. R. Jackson, secretary of the Commercial Club.

Roads Are Fine.

"We will give everything just as previously planned and the weather will receive little consideration from us, unless Jupiter Pluvius should let go the reins and place Maryville in the bath tub," said the radiant-faced and gloriously-happy Jackson this morning. And though it appears some what gloomy overhead, the weather men, both here and elsewhere, do not predict rain tomorrow unless of local extent.

The rains so far, the last few days have not damaged the good roads to any appreciable extent, which will be awfully welcome news to the rich inhabitants of northwest Missouri who have planned touring here this week in their automobiles.

Many Woodmen in It.

The program for the Woodmen of the World log rolling and the Home Coming events this week was announced today by Secretary Jackson of the Commercial club.

Woodmen lodges from all over the northwest part of the state will attend tomorrow and Wednesday and a number of them will send drill teams to compete in the contests. The St. Joseph team, made up of the degree team and officials, will initiate a class of candidates.

The Woodmen program starts Tuesday afternoon at 1.30 o'clock and will end Wednesday night with a big class initiation at the State Normal building.

The drill, log rolling and tug-of-war contests will be held on both days. There will be four free acts and two band concerts.

Bands from Maitland and St. Joseph have assured the local Woodmen committee that they will be here to contest for the prize offered the best Woodmen band. A special train will arrive from St. Joseph and Kansas City early Wednesday morning.

The Woodmen and their families will be entertained by the local camp at their hall in the Mutz building.

Thursday will be the Home coming day and many former residents of the county will be here. Some of the prominent ones are Mayor Henry L. Jost of Kansas City, S. O. Dunn, of Chicago, R. J. (Arch) Edwards of Oklahoma City, Okla., E. E. E. McJimsey, of Springfield and B. R. Martin of St. Joseph.

The Program.

DOCKERY TO SPEAK HERE

Former Governor, Now Connected With the Administration, Coming to Maryville October 30.

Former Governor A. M. Dockery, now third assistant postmaster general, will speak at the court house in Maryville, on Friday, October 30, at 1 o'clock. He is to come to Maryville from Bowling Green, and after speaking here he will go to Stanberry, where he will talk Friday evening, and on Saturday will be at Gallatin. Governor Dockery has frequently been in Maryville, and has always had a crowded house to hear him. He is one of the best campaign speakers, and since he is connected with the administration at Washington his speech will deal with many of the national issues.

RUN OVER BY AUTO.

Miss Hotchkiss, Student at Columbia, Injured Friday Night.

Miss Alma Hotchkiss of this city, who is attending the state university at Columbia, was badly injured Friday night when she was run over by an automobile. The machine was a seven-passenger car, heavily loaded, and passed entirely over Miss Hotchkiss and her companion, R. M. Watkins of Richmond, Mo., a student at the college of agriculture.

Miss Hotchkiss and Mr. Watkins were walking across the street when they were struck by the car and knocked down. Miss Hotchkiss suffered a sprained back, a deep cut in her leg and other bruises. Her injuries are painful but not serious

In a message received this afternoon by her mother, Mrs. Anna L. Hotchkiss of this city, she was reported as much better. Miss Hotchkiss will probably be in the hospital a couple of weeks.

The blinding rain of the afternoon was blamed for the accident. The driver of the car had turned out of the road for a couple walking just ahead of Miss Hotchkiss and her companion, and in doing so struck the second couple.

Visits Son, the Rev. G. S. Cox.

L. M. Cox of Kansas City, tax commissioner of the Kansas City Terminal Railway company, returned home this morning after having visited his son, the Rev. Gilbert S. Cox, pastor of the First Methodist church, since last Friday.

Spent Sunday at Pickering.

Miss Myrtle Lanning spent Sunday visiting home folks at Pickering.

ALFRED DEARDORFF GETS THREE YEARS—IS PAROLED.

CASH CHECK FOR $15

Grant City Bank the "Goat" on Worthless Paper Sheridan Man Admits —Other Court Action.

Alfred Deardorff of Sheridan was sentenced to serve three years in the state penitentiary and paroled by Circuit Judge William C. Ellison this morning after Deardorff had pleaded guilty to a charge of forgery. He is alleged to have cashed a worthless check for $15 on the Citizens bank of Grant City in July, 1913. The payee was given as Alfred Deardorff and the maker as E. Walker.

A parole bond of $200 was furnished this morning with J. H. Gates and H. Caudle as surety.

A decree by stipulation was returned this morning in a partition suit of Mary J. Scott against John T. Griffey and others.

A judgment of $30 maintenance monthly by default was returned this morning in a suit of Maggie Stingley against John L. Stingley.

An account suit of the Kingman Plow company against John W. Holt and of a note suit of John A. Fields, administrator, against O. M. Dysart and others were continued by agreement.

A decree was granted to Frank S. Mathes in a suit to perfect title brought against Louis Shalt and others.

Court adjourned this morning until 9 o'clock Monday morning, October 26. This action was taken because of home-coming week and because counsel in several docketed cases was not ready for trial.

BISHOP ADDRESSES CROWD

Methodist Leader Tells Conference Audience More Brotherly Love is Needed.

In a sermon filled with a spirit that before conclusion had penetrated to the uttermost depths of the hearts of an audience which filled and overflowed both the auditorium and gallery, Bishop Wilbur P. Thirkield of New Orleans spoke yesterday morning at the Missouri conference in the First Methodist church. From the beginning to the end Bishop Thirkield gave in this one big address of the whole conference the feeling that in truth Christianity had reached a plane never before attained.

With that enviable deep voice that carries to the extremes of the house, and with a fervor that fairly carried away his audience, Bishop Thirkield told of the need of a great brotherhood, a greater love for one's fellow man, and the call to a higher view. He told it all in the church. Without appealing to emotions he brought to the perception of his audience the necessity for a greater brotherly love if the church should be true to that for which it was founded.

He took as his topic the twenty-seventh verse of the tenth chapter of St. Luke: "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength and with all thy mind, and thy neighbor as thyself."

"It is not knowledge that exalts one that brings man to a plane which he would seek to attain," said Bishop Thirkield. "It is love, that unquenchable, unfathomable devotion for one's brother, that is the most commended, the most to be prized of all other attainments.

"One may be cultured, yet be baser by far than the unrefined, uncultivated laborer of the streets of our city. When one really has that Christ-like that utterly unselfish and self-sacrificing devotion and care for his fellow men, which is the strongest, the most lasting of all love and the only true love there is, then the whole being of that man or woman will undergo a change, that proclaims to all that there shines a brighter light than mere regard and care for one's brethren which so often is mistaken for love such as Christ would have us attain and give."

Bishop Thirkield spoke to one of the largest audiences that ever has assembled in the First Methodist church, and no doubt the largest attendance during the past week's conference.

His sermon was preceded by a love feast at 9 o'clock yesterday morning, of which L. C. Sappenfield of Burlington Junction was leader.

Woodmen Get Log.

A sixteen-foot "slippery" elm log about two feet in diameter now reposes quietly at the southwest corner of the court house square, in readiness for the Woodmen log rolling contest this week. Each contesting Woodmen camp will furnish a team of sixteen men to take up the log rolling for honor and the prize.

The log is the product of the farm of Saunders Brothers, on the 102 river valley.

"BUYS-A-BALE OF COTTON.

Alderman-Yehle Exhibit First Bale Purchased by Local Merchants.

One of the interesting exhibits of the home-coming week which is uncommon for this community is a bale of cotton shown by the Alderman-Yehle Dry Goods company.

The bale was purchased by them from Tobin Brothers of DeQueen, Ark. The purchase was made in compliance with the request sent out from the headquarters of the National Retail Dry Goods Men's association that each merchant purchase a bale to aid the cotton shippers of the south who are unable to market their stock on account of war conditions.

The bale weighs 505 pounds and cost 10 cents per pound. In addition to the bale shown, the window display at the Alderman-Yehle store shows the cotton plant in its various stages.

The personnel of the firm of Tobin Bros. is Edward and John Tobin, sons of Mr. and Mrs. Michael Tobin of this city.

As soon as export trade can be resumed the southern brokers will rebuy the cotton from the retailers.

ORDAINED FIVE METHODISTS

Three Become Deacons and Two Elders in Conference Act.

A class of five was ordained in the ordination services held at the First Methodist church at 2:30 o'clock yesterday afternoon, in connection with the Missouri annual conference. The Rev. James B. Bennett and the Rev. Alva C. Brown of Maitland were ordained elders, each having served four or more years in the conference ministry.

G. B. Draper of Coffey, E. L. Trotter of Ironton and George E. Dewitt of Wyaconda were ordained deacons, each having served two or more years in the ministry.

The ordination sermon was delivered by Dr. F. D. Bovard, secretary of the Home Mission and Church Extension society.

Each was assigned a pastorate in the various districts of the Missouri conference.

ASSAULTED NIECE, CHARGED

Arrest Aged Elmo Man in Kansas on Complaint of Girl Relative.

James N. Stewart, 65 years old, of Elmo, was bound over this afternoon for trial in circuit court at this term, on a charge of carnal knowledge of his 17-year-old niece, Mary L. Holden, also of Elmo. Sheriff Edwin Wallace returned at noon today from Williamsburg, Kan., where he took Stewart into custody last Saturday. Stewart is said to have fled from his Elmo home about three weeks ago, when his relative made complaint against him.

She alleges that in July, 1912, specifically, he criminally assaulted her in her own home. She is the mother of one child. Her mother is a sister to the defendant. Her father is dead.

When Stewart was arraigned before Justice Warren L. Johnson this afternoon he waived preliminary hearing. Being unable to furnish bond for $1,000 he was committed to the county jail. He probably will be tried during the present court term.

BOY'S FOOT IS TARGET.

Maynard Collins Injures Self With Old Weapon—Hemorrhage Results.

While engaged with several other boys of Maryville in target practice with an old muzzle loading army revolver, about eight miles from Maryville, at noon yesterday, Maynard Collins, 15-year-old son of J. O. Collins, 515 East Fourth street, had a large hole torn in his left foot by the accidental discharge of the weapon. A hemorrhage has resulted by the severance of an artery in the foot, which so far it has been impossible to check.

The gun was charged with powder and mud. While playing with the weapon it was fired into Maynard's left foot directly below the ankle. Dr. William Wallis, Jr., who attended the boy, said no serious developments were likely to result unless blood poison sets in.

PLEDGE $5,500 FOR WESLEYAN.

Conference Delegates Agree to Aid Methodist College in Endowment.

A total of $5,500 was raised Saturday and this morning at meetings of the Missouri conference in the First Methodist church, for the benefit of the Missouri Wesleyan college at Cameron. Of this amount $3,550 was obtained at Saturday's session, and the remainder prior to adjournment this morning. Pledges were given as high as $200, although the majority were in $50 and $25 promises.

This fund is merely to guarantee an endowment for the Methodist institution, that it may become a member of the college union. To do this it is necessary to have an established library, a certain quality of faculty, a certain list of obtainable courses of study in the college and an endowment.

It now is not a member of the union, therefore its credits will not entitle a graduate of the school to enter without examination in the state university officially.

FINE ONE MILLION

GERMANS MAKE INDEMNITY DEMAND OF ANTWERP.

BOTH CLAIM SUCCESSES

Germans Take But Lose Apremont—Allies and Teuton Cavalry Both Report Victories in Battle.

(By American Press.)

London, October 12.—The Germans made a violent attack last night against the allied armies along the Aisne battle line, near the northern boundary of France. The French report a successful resistance, however, and that the allies have maintained their positions everywhere.

Apremont has been taken by the Germans, but was won back again when the allies drove back the left wing of the German cavalry.

Germany has imposed a fine of $100,000,000 on Antwerp as war indemnity. No move has so far been made toward meeting the demands. It is expected the nation's capital will be destroyed if the fine is not forthcoming.

Both sides make claims of cavalry successes in the scrimmages resulting along the frontiers. The Teutons say they have completely routed a French cavalry division west of Lille. The French, on the other hand, claim they have captured a convoy with much ammunition and 850 prisoners.

BOSTON WINS IN THIRD CLASH

Boston won in the last half of the twelfth inning, 5 to 4.

The Philadelphia Americans and the Boston Nationals had twice tied for honors in the third game of the world's series base ball at the end of the eleventh inning. The score then stood 4 to 4, with Philadelphia failing to score in the first half of the twelfth.

LOOK OUT FOR FROST.

Predict First "Nip" in County Tonight—Is Coldest Fall's Day.

"Frost tonight throughout northwest Missouri."

That is the prediction that comes out from the Chicago government weather bureau today to Maryville. It is the first of its kind to be issued since last spring. Of course it will have to become clear and the wind die down to almost nothing before such a catastrophe can occur. But that it can soon do, so growers of late vegetables should beware of Jack Frost's initial visit of the fall tonight.

The highest temperature recorded by J. R. Brink, official observer, the last twenty-four hours was 70 degrees and the lowest up to 7 o'clock this morning was 48 degrees. It had fallen about two degrees, however, since that hour and noon. Frost can fall under favorable conditions, Mr. Brink said, at 48 degrees or less.

The rainfall within the twenty-four hours up to 7 o'clock this morning was .005.

102 RIVER IS FALLING.

Floods Road for Short Distance — Recedes Slowly.

A slight fall began on the 102 river at this point at 10 o'clock this morning, after a three-day's rise. The flood water has been slow in falling, however. The decline at 1 o'clock this afternoon had been but about one and one-half inches. The water is still flowing across the state road between the bridges over the channel and the original river bed and also to the east of the river bridge, according to persons coming into Maryville from that direection.

The water stretched for one-half mile across the bottom lands to the west of Hopkins yesterday and today still covered much of the lowland. The fall there has been noticeable and at Pickering also, the water has begun to recede slowly.

As there has been little or no rain along the river's source, for the last day, no further rise is expected immediately.

Many Hear Visiting Ministers.

Every Protestant church in Maryville had fairly large audiences both yesterday morning and last night, to hear sermons from Methodist ministers in attendance at the Missouri annual conference. But one change in the schedule was made, that being in the substitution of Dr. Frank Hamilton, a representative of the American university of Washington, D. C., for Dr. C. B. Spencer, yesterday morning at the First Presbyterian church. Dr. Spencer was compelled to return to his home at Kansas City sooner than he expected.

The General says:

A well-satisfied customer is seldom lost. He will come back to the same house of business which has given him satisfaction and service before. The next time you are in the market for roofing remember—

Certain-teed

Quality Certified Roofing Durability Guaranteed

—has won its way to the front because customers who have covered one building with *Certain-teed* want it for other buildings.

They know by experience that *Certain-teed* is the highest quality roofing possible to buy and they know it is reasonable in price.

PRICE MAINTENANCE.
Its Necessity to Aid Consumer.

Many big industries engaged in national trade have often in the past found (more recently what the small concerns in their limited fields have done naturally—varied prices according to the degree of competition at different times and places. Their object has been to secure the highest values to the trade, irrespective of whether the buyer was a jobber or consumer.

Manufacturers will then have to see that the price of their goods is a reasonable one, so they will sell, and at the same time they will provide enough profit to pay the jobber a fair living for handling the goods at a uniform price. This will tend to confidence in the quality, because he will know the price can not be cut, and must, therefore, be a reasonable one to permit the goods to sell. He will buy such goods in preference to a small selling article sold at exaggerated prices.

Everybody will benefit from price maintenance in this way. It will reward the manufacturer who has built up a reputation for quality, and the consumer who is willing to pay a fair price for what he wants will be protected in handling it at a fair profit, and will not be forced, through low-cut competition, to build up their own private brands at much expense.

When you buy Certain-teed you have our real guarantee backed with assets of two million dollars for 1-ply, ten years for 2-ply and fifteen years for 3-ply, and this guarantee is backed by the world's largest roofing mills.

There is either a Certain-teed dealer in your city or town to handle Certain-teed products. He will be glad to give you information and prices.

KING CHARLES.

Ruler of Roumania and Friend of Kaiser Who Dies at Age of 74.

FERDINAND CROWNED KING OF ROUMANIA

Parliament Meets to Administer Oath to New Ruler.

London, Oct. 12.—A dispatch from Bucharest, Roumania, says:

"Parliament met today to proclaim Crown Prince Ferdinand king and to administer the statutory oath to the new monarch."

The message adds the following concerning the events immediately preceding the death of King Charles:

"King Charles was seized with an illness Friday night. His physician was summoned and pronounced his condition grave. The queen watched all night by his majesty's bedside."

ALLIES HOLDING THEIR OWN

French Statement Says Positions Have Been Everywhere Maintained.

Paris, Oct. 12.—The official communication issued by the French war office says:

"There is no new detail to mention except the capture of a flag near Lassigny. The impression of the day is satisfactory."

An earlier communication said:

"On our left wing the German cavalry which had seized certain points of vantage over the Lys, to the east of Aire, was driven out of them during the day of Oct. 10, and retreated in the evening into the region of Armentieres. Between Arras and the Oise the enemy delivered a very spirited attack upon the right bank of the Ancre without succeeding in making any progress."

The statement adds that there has been slight progress by the French troops at the center, where night attacks by the Germans have been repulsed; and that during Oct. 9 and 10 the village of Apremont, to the east of St. Mihiel, was taken by the Germans and retaken by the French.

The statement sums up by saying that "Everywhere we have maintained our positions."

HOLDS FUNERAL SERVICES.

Rites for Charles Branson Held This Afternoon at Quitman.

The funeral services of Charles Branson aged 78, who died at 5 o'clock yesterday morning, were held this afternoon at the Christian church of Quitman. The body was interred in the old Quitman cemetery. Mr. Branson's death followed a serious illness, caused by two paralytic strokes which he suffered about a week ago.

He was a veteran of the civil war. For a number of years he had made his home with his son, Will Branson, who operates the Quitman hotel.

He is survived by two sons, Will Branson of Quitman and Charles Branson, Jr., of St. Joseph, and one daughter, Mrs. Ware of Quitman.

HOW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can now be had at almost any drug store. It is now sold here by Pearson's Pharmacy and druggists everywhere.

ARCH EDWARDS TO SPEAK.

Former Maryville Man to Visit Old Home This Week.

One of the speakers at the Homecoming this week in which Maryville is widely interested, is Arch Edwards of Oklahoma City, Okla.

Mr. Edwards is a former Maryville man and a son of the late John Edwards, a pioneer of this city, who took a leading part in shaping affairs in the early days of Maryville.

Mr. Edwards grew to manhood in this city and then went to Oklahoma City. He became extensively interested in affairs there and has made an enviable success in commercial life. He will spend several days in the city this week visiting old friends.

The First Lesson

In life should be to learn to save a part of what you earn. Remember, it is not how much you earn; it's what you save that counts. If you are one of the men with a good income that lives up to it, there's danger ahead unless you stop it. Remember there are lot of things that might happen over night when it would be convenient to lay your hands on some ready money. Make up your mind today to open a Savings Account. 4 per cent. paid on savings deposits.

EXPLAINS HOME MISSIONS

Secretary of Methodist Branch Tells Delegates of Work.

Dr. F. D. Bovard of Philadelphia, secretary of the Home Mission and church extension society of the Methodist church, in an address at the conference meeting Saturday night, gave some interesting facts in regard to the work of the society for the past year. A short resume of his address follows:

The board of home missions administers a general fund derived from collections and special gifts of nearly a million dollars.

It assists in maintaining over 4,000 ministers in the home mission fields. It carries on missions, not only on the frontier, but among the twenty-five different nationalities residing in the United States. It has missions in the Hawaiian Islands, in Porto Rico, and aids in building churches in the Philippines. Its missions extend into Alaska. The board is confronted with three great problems—the problems of the city, the frontier problems and the immigration.

In a decade from 1900 to 1910 over 3,200,000 people have gone into the frontier states in the west. That vast movement of population over the Rocky mountains is not a problem but a series of problems, demanding the most self-sacrificing and heroic of service. It requires on an average about $250 per year to maintain a Methodist Episcopal mission on the frontier. This western frontier is one of the greatest missionary opportunities before the church.

Forty years ago there were less than 1,000 Methodist people in southern California, and less than a dozen Methodist preachers. Now there are enrolled over 40,000 members in the Methodist church and over 250 ministers in the southern California conference. Forty years ago the far west had less than 20,000 Methodists. Now it has over 120,000. The board of home missions has done an enormous service in sending aid in this great field. We could effectually use 100 additional ministers in the far west if we had the money.

The south is also a great missionary field. In the last twelve years over 5,500,000 people have gone into the sixteen southern states. The south has multiplied its factory capital ten times in the ten years. The opening of the Panama canal means more commercially and industrially to the sixteen southern states than it means to any other part of the United States. In 1880 the whole United States gave a little more than $78,000,000, but last year the sixteen southern states gave over $50,000,000 for the same purpose.

The Leading Newspaper
Of Maryville

The Daily Democrat-Forum goes into more of the buying homes than any other newspaper in Maryville. Without any special effort or premium offer, the circulation of The Democrat-Forum steadily climbs. The government requires that the different newspapers must make a true and authentic published statement of their circulation twice yearly, April 1 and October 1. The Democrat-Forum, the leading newspaper of Maryville had according to the statement to the government on

April 1, 1914—2678 circulation
Oct. 1, 1914—2878 circulation

This shows an increase of 200 subscribers.

The other Maryville Newspaper had a circulation of 2200 on April 1, 1914 and the same on October 1, 1914. This shows no increase in circulation.

The circulation of the leading Maryville newspaper on October 1, 1913 was 2375 and on October 1, 1914 was 2878. This shows an increase of 500 for the year in circulation.

The circulation of The Democrat-Forum is still climbing without any special effort or premium offer. Yesterday 3200 copies of The Democrat-Forum were printed to meet the demand. The next official statement for the government will show another big increase for the leading Maryville newspaper, The Daily Democrat-Forum.

TWENTY BOMBS FALL IN PARIS

Three Persons Killed and Fourteen Others Wounded.

TWO AEROPLANES AT WORK

French Machines Drive German Aviators Eastward After Their Ammunition Has Been Used—One Bomb Falls Near Railway Station.

Paris, Oct. 12.—German aviators dropped twenty bombs into the various districts of Paris, killing three persons and wounding fourteen others.

The Germans flew over the city at a very low altitude for an hour. After they had apparently exhausted their supply of missiles, French aeroplanes ascended and pursued them, chasing the Germans toward the east.

Two hostile aeroplanes appeared at the same time. One dropped a bomb on the roof of the cathedral of Notre Dame, but the missile did not explode. Another fell near the Northern railway terminal, a third in Rue St. Lazare. One bomb landed within 100 yards of the Paris office of an American news gathering association.

TRAIN HIT BY GIANT BOULDER

Three Persons Killed and Fourteen Others Injured in Colorado.

Grand Junction, Colo. Oct. 12.—Three persons were killed and fourteen were injured, several seriously, when a twenty-ton boulder, falling from a precipice, crashed into the day coach and smoker of a Denver and Rio Grande passenger train, eighteen miles east of this city.

The dead: H. R. Hollingsbery of Pueblo, traveling salesman; Thomas C. Linkens of Grand Junction, manager wholesale grocery; Harry Braddock of Chicago.

The train was running at high speed when a rock struck the coupling between the tender and smoker, parting the train. Before the automatic airbrakes had brought the rear section to a stop a huge boulder crashed upon the smoking car and day coach, shattering the roofs and crumpling the steel walls. Twenty other passengers in the two cars narrowly escaped injury.

At the point where the wreck occurred the tracks closely parallel the Grand river, the cliffs rising sheer above the river banks.

BATTLE OF VISTULA

Russian Masked Battery Cuts Down German Cavalry Division.

Petrograd, Oct. 12.—The Russians have drawn first blood in the battle of the Vistula. They decisively defeated a cavalry division of Germans westward of Ivangorod.

There had been a long and hotly contested cannonade of the respectively positions at long range when suddenly a masked battery of field guns, fully eight miles in advance of the permanent Russian position, was brought into play as the German heavy cavalry began to move forward under cover of its big artillery. Instantly the cavalry was thrown into confusion and then a brigade of Cossacks rode out from cover and cut and slashed the German retreat till it became a veritable rout. The field was strewn with German dead and wounded. The Russian losses were comparatively slight.

BID COMRADE FAREWELL

Lots Drawn For Place of Honor and Death.

London, Oct. 12.—"Lots were drawn by four officers," says the Daily News' Ostend correspondent, "to decide who should remain in command of Fort St. Marie, northwest of Antwerp, the officer thus chosen being sworn to fight to the death.

"The lot fell on a married man with a family. An unmarried officer immediately offered to take his place and the officer who originally was chosen reluctantly accepted. The three officers then retired, bidding a touching farewell to their comrade who remained behind."

Omaha Next Meeting Place of Church.

St. Paul, Oct. 12.—Bishop R. L. Brewer of Montana was elected president of the Northwest Province of the Episcopal church, which was organized here by the house of bishops and clergy and laity of Minnesota, Montana, Wyoming, western Colorado, Nebraska, Iowa and the Dakotas. Omaha was selected as the next meeting place, the date to be set later.

Two Austrian Torpedo Boats Sunk.

London, Oct. 12.—A dispatch to the Daily Mail from Rome says: "It is reported here that the Anglo-French fleet off Ragusa, Dalmatia, sunk two Austrian torpedo boats, one of which was escorting a steamship laden with munitions of war. Their crews were saved. A torpedo boat destroyer is reported to have been injured by striking a mine."

Relief Columns Nearing Przemysl.

London, Oct. 12.—The following dispatch has been received from Rome by the Exchange Telegraph company: "It is stated from Vienna that two Austro-German columns, rushing to the relief of Przemysl, Galicia, reached Dynow and Przeszow (both towns in Galicia, south of Przemysl).

Circle Meeting Postponed.

The meeting of the Mission Circle of the First Christian church which was to have been held Saturday afternoon at the home of Mrs. Charles Thomas Bell, has been postponed until the afternoon of Saturday.

A Jolly Affair.

The indoor track meet given Friday night by the Young People of the First Presbyterian church was attended by a good crowd. The athletic events consisted of a potato race, a three-legged race, a cracker eating and bun biting contest. An auto guessing contest concluded the program and refreshments were served. The hosts of the evening were Forrest Gillam, Kenneth Van Cleve, Martin Lewis Jr., Forest Hutchinson and Harley Hughes. The affair was given as a get-acquainted evening for the out of town students.

Surprise Dinner Party.

A number of the relatives and friends of Mrs. Anna L. Daniels planned and carried out a very pleasant surprise for her yesterday in celebration of her birthday anniversary. While the honored guest was at church the crowd gathered, bringing with them all things to serve a fine dinner, which was spread at 1 o'clock. The company included Mrs. Daniels' son, Jesse F. Daniels, and small son, Francis, of Kansas City, who came to be present at the dinner; Mr. and Mrs. A. S. Robey and sons, Russell, Paul and LaVerne; Mr. and Mrs. W. L. FIGHTING AT TSINGTAU

German Forts, Warships and Aeroplanes Fail to Halt Japanese Advance

Tokyo, Oct. 12.—The following official statement relative to the Japanese operations around Tsingtau, seat of government of the German concession of Kiauchau, was given out:

"The German forts, warships and aeroplanes are trying vainly to arrest the Japanese advance. We are sustaining no damage.

"Japanese warships shelled Litis fort and Tsingtau, which is part of their guns. Hydroplanes answered an unsuccessful attack by German airmen on [illegible] by dropping bombs."

Flag Flying at Berlin.

Berlin, Oct. 12.—The taking of Antwerp has not created the impression here it would if it was considered one of the strongest fortifications in Europe. For the first time in several weeks, flags are flying on public edifices and other buildings. That one of the most modern fortresses should be taken in eleven days is considered without parallel in war history, and especially since it was not necessary to invest Antwerp. Military experts assert that the conference at this city marks a new era in military operations as related to fortified positions.

Cholera Spreading All Over Austria.

London, Oct. 12.—The Rome correspondent of the Exchange Telegraph company says that, according to a Vienna message, cholera is now spreading over the entire dual monarchy, new cases averaging forty daily.

MORE GOOD REASONS

Why Chas. Hyslop should be elected Representative.

5. "He is Big and Broad enough, to represent the best interests of County and State regardless of Party.

6. The People still remember that in the campaign of 1888 his was the only name on the Republican ticket that stood against the Democratic land slide, THERE WAS A REASON. As Public Administrator and Guardian he handled more than $115,000, nearly one-half of which accumulated under his management, settling more than 150 estates. (More business in fact, than any three of his predecessors or sucessors have handled,) all satisfactory to Court, Estate and Beneficiaries.

7. "To the end that he may make good, as he always has, he needs your vote, remember this is the most important office to be voted for in November. —Adv.

"A pipeful of Tuxedo puts new life into me. The mildest and purest tobacco grown."

GEORGE E. PHILLIPS
Mayor of Covington, Kentucky
"A good pipe, and Tuxedo to fill it, and I'm satisfied. The tobacco in the little green tin has no rival as far as I am concerned."

You Smoke a "Better" Tobacco —Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there *is* a difference in tobaccos, you may be missing *still greater* pleasure in a *still better* smoke —in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

We know that Tuxedo is made of the BEST tobacco—rich, mellow, perfectly aged Kentucky Burley. None better can be *bought*, because none better is grown.

It is treated by the famous *original* "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.

No *other* tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.

HIGH SCHOOL NOTES.

Pictures of the high school and grade pupils were taken Monday afternoon in three positions, two at the south side of the building and one in front.

The Rev. S. D. Harkness, pastor of the First Presbyterian church, spoke to the high school students at assembly, Tuesday afternoon. His subject was "What Must the United States do to Become a Peaceful Nation." He pointed out that the soldier was not so much the supreme hero as the peaceful citizen.

A special assembly was called Thursday. Dr. Dora Martin, leader of the Clean Life and Happy Future association, gave a talk against the use of tobacco.

The Rev. Thomas Middleton, attending the Methodist Episcopal conference, spoke Friday afternoon at assembly. He said the thought of a good education and to become a noble and respectable citizen should come before that of "making the dollar."

Miss Brownie Toel and Miss Ruth Montgomery were visitors at assembly Friday.

Buel Enyeart, superintendent at Browning, and Leon Jones of Kirksville, friends of Mr. H. B. Polson, the manual training teacher, were visitors at the high school Friday.

The beginning seniors met Tuesday afternoon and chose their class colors, which are Copenhagen blue and white.

The third game of the base ball series between the Athletics and Braves was played Tuesday afternoon. The Athletics turned the tables and defeated the Braves 9 to 8. However, the Braves won the series two games to one. The batteries were: Braves, Homer Scott and Harry Tilson; Athletics, Kenneth Van Cleve and Harry Messick.

GERMANS ADVANCING ON OSTEND

Antwerp Siege Guns Sent to France.

VERDUN MAY FEEL THEM

Antwerp Must Pay One Hundred Millions War Indemnity.

CITIZENS OF ANTWERP WARNED

Property Spared if No Hostile Acts Committed.

London, Oct. 12.—With the conclusion of that phase of the war of the nations which came with the fall of Antwerp the censorship has again drawn a veil over the fighting in the greater part of the European continent.

Scant are the actual details of the recent fighting between the allies and the Germans, who for four weeks have been struggling for supremacy in northern France, as contained in the latest official communication.

"We have everywhere maintained our positions," sums up the claims of the French war office. At all points except one, that in the Woevre district, German attacks are said either to have been repulsed or held. In the center, between the Oise and Rheims, slight advances by the allies are chronicled. In the Woevre district the Germans have delivered violent attacks. Whether they resulted favorably or unfavorably is not stated.

From Germany alone came anything concerning the surrender of Antwerp. This was to the effect that the entire city as well as all the forts now were in the hands of the Germans. General von Beseler, the German commander at Antwerp, issued a proclamation that citizens might return to their vocations without fear and that property would be respected. The German report said little damage had been done to any except public buildings in Antwerp.

Damage Not So Great.

So far as can be ascertained the damage was not so serious as at first feared. The cathedrals, art galleries, museum and other public buildings are in the northwest part of the city, along the Scheldt, to which the shells did not reach. The Germans used lighter guns after they had battered down the forts with their heavy guns, and naturally the former did not do so much execution.

A Berlin report says that these heavy guns have been sent to France. If this is so, probably the Verdun forts along the French frontier, which are hindering the German advance, are to be attacked by them. In this case, however, there is said to be a field army behind the fortresses that while the destruction of them would make progress easier for the Germans, it would not absolutely insure their advance.

Germany has imposed a fine of £20,000,000 ($100,000,000) on Antwerp as a war indemnity.

Emperor William's army which besieged Antwerp is now said to be moving swiftly toward Ostend, with the object of capturing King Albert and Queen Elizabeth and the Belgian officials. It is stated that the queen already has reached England.

In addition to the force of Belgian and English troops who fled to Dutch soil after the fall of Antwerp and were interned, a newspaper dispatch says a German division unwittingly invaded Dutch territory and was disarmed.

Except that a rear guard action between the Russians and the Germans south of Wirballen was in progress, nothing came through concerning the fighting in the eastern war theater.

In the south the Montenegrins claim to have defeated with heavy losses an Austrian army operating against Sarajevo. Russian troops are undertaking strong offensive movements in Poland and are massing along the line from Lublin to Warsaw and also from Lublin to Lemberg.

REFUGEES URGED TO RETURN

Nearly Million Belgians Are Now In Holland.

London, Oct. 12.—A dispatch from Amsterdam says:

"Baron von Schuster, civil governor of Antwerp, has advised all refugees to return to Antwerp at once.

"The southern frontier of Holland is still flooded near Rosendaal.

"Refugees continue to arrive in Holland and the Dutch authorities are conveying them northward in automobiles, as there are not sufficient railroad coaches. The refugees now number close to 1,000,000."

AMERICANS HIT BY MEXICAN BULLETS

Shells Do Damage In United States Territory.

Naco, Sonora, Oct. 12.—Mexican internecine warfare crossed the international boundary here, in violation of the neutrality laws.

Two Americans, Lee Hall, a citizen, and Corporal McAllister, troop B, Ninth United States cavalry, were struck by stray bullets. Hall was shot in the head and seriously hurt. McAllister was shot through the hand while on sentry duty in the stock yards.

Urgent appeals for protection were sent to President Wilson and to Governor Hunt of Arizona.

Four shells from guns of Maytorena fell on American territory during a renewed attack on the Carranza garrison at Naco, Sonora. One of the shells wrecked a large residence. Another damaged property surrounding the United States customs house. The others fell in a stock field and in a mercantile establishment.

During the engagement, which lasted the greater part of the night, several of Maytorena's Yaqui Indians crossed the boundary line in order to attack the Naco garrison in the rear. They were promptly disarmed.

Previously, American soldiers had been fired upon and they returned the fire. General Hill, commanding the garrison, lost about eight killed. Maytorena's loss was estimated at not less than fifty killed and many wounded.

CONGRESS MAY QUIT SOON

Administration Leaders Seek to Adjourn by Saturday Night.

Washington, Oct. 12.—Administration leaders in congress are making every effort to wind up the long session by Saturday night, with assurances from the president that it will be unnecessary to return until the first Monday in December. While no new legislation is to be permitted, there is no certainty, however, that action on the war revenue bill can be completed within the week. When it has passed the senate a conference will be necessary, and the prospect is that it will be Oct. 20 before congress can adjourn.

"We will expedite the bill in the senate as rapidly as possible," said Senator Simmons, chairman of the finance committee. "Democrats are not disposed to change the measure as it came from the caucus. We all realize that war revenue is necessary, and we believe that the bill we have framed is the best that could be devised at this time."

Republican senators are not inclined to prolong the debate, as many of them are anxious to get into the campaign. Several attacks on the measure already have been made and others will follow, the Republicans maintaining that there would have been no necessity for a revenue measure but for the alteration of the tariff and extraordinary appropriations.

Philadelphia Has Not Lost Hope.

Philadelphia, Oct. 12.—Despite the fact that the Boston Braves have the first two games of the world's series to their credit, considerable Boston money was covered here at odds of 10 to 7 in favor of the Boston team, while a number of bets at even money were made on today's game. Supporters of the Athletics have not by any means lost hope.

Ready For Third Contest.

Boston, Oct. 12.—The Philadelphia Athletics and Boston Braves, contending teams in the world's championship baseball series, rested here while the scene of the contest was shifted. With two victories gained toward the four necessary to obtain the world's title, the Boston team faced with confidence the two games to be played here.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapepsin" Makes Your Upset, Bloated Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy s its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.
